## Commissioner for Patents

In response to the remand from the Board, the response after final filed 11/17/06 will be entered. It is noted that the response was fully considered but did not put the application in condition for allowance and that therefore it was indicated as not entered, but since it was fully considered, and since there were no amendments to the claims, the response of 11/17/07 will be indicated as ok to enter. A copy of the annotated response after final is included with this letter. The request for reconsideration of 11/17/07 was not persuasive for the reasons of record and for the reasons set forth in the advisory action mailed 12/8/06. No amendments to the claims were proposed in the response of 11/17/06 and therefore the entry of the response after final will not change the claims.
